# 18' Backcountry Pro

## The Pride of the Keys

The 18' Backcountry Pro known affectionately in the Florida Keys as "the pride"; the most versatile flats boat in the world. With its deep V hull (20 degrees), it rides better than many boats over 20' and yet poles in 10" of water. The U.S. Rangers comfortably run their 18' Backcountry Pro's over 55mph in a 3' chop!

Tarpon guides from Jupiter to Key West have been recommending the 18' Backcountry Pro for twenty years for its stability in open bays and inlets, allowing people to walk around the gunnels securely. Recreational anglers will appreciate being able to pole the flats in the morning, and pick up the family to water ski or dive the patch reefs in the afternoon.

The 18' Backcountry Pro was designed to do it all.

Specifications	Length	17'10"	Max Horsepower	150 HP	Dry Weight	950 lbs. (850 lb. Kevlar)
	Beam	7'7"	Transom Height	20"	Useful Load	1400 lbs. (motor, gear, people)
